

# LEGISLATIVE UPDATE

*From Mike Morris...*

March 8, 2021

All,

Last week was again quiet in the capitol. The House Appropriation Subcommittee on administration made no changes to the MOSER's recommendation in HB 5 and sent the bill back to the Budget Committee. As of this morning there are no pension bills scheduled for hearings this week.

As always, you can follow all of the retirement related bills at [JCPER.org](http://JCPER.org) under the legislation tab.
