

LEGISLATIVE UPDATE

From Mike Morris...

March 6, 2020

All,

The activity on retirement this week focused on HB2165(Ross) reducing the number of MoDOT commissioners on the MPERS Board from 3 to 1. The House Pensions Committee voted the bill out of committee in an executive session. The interesting thing was a prolonged very quiet discussion of eliminating the Highway Commission entirely.

Apparently the Speaker has some issue with the Commission and was sending a message.

As always, you can see all of the bills relating to retirement at JCPER.org under the legislation tab.

Mike Morris
