

# LEGISLATIVE UPDATE

*From Mike Morris...*

May 15, 2021

All,

The 2021 regular legislative session ended yesterday. A couple of highlights, state employees will get a 2% pay increase beginning in January. The state fuel tax will be increased over time beginning in August providing increased funding for MODOT. One disappointment was the failure of HB 701 the MOSERS and MPERS cleanup bill got caught up in some legislative wrangling and did not get passed.
